

Lake Tansi POA Dispatch

Published by the Lake Tansi POA Board of Directors

Volume 2008-29 10/13/08

Notice To All POA Members

It has been necessary to close the indoor pool for at least Sunday and Monday, October 12 and 13, 2008. Persons unknown added additional chlorine (bleach) to the pool possibly two times since Friday.

Chemicals are only to be added by POA employees authorized to monitor and maintain the water quality of the pool. This act created a situation where someone could suffer a skin reaction to the higher than necessary chlorine levels.

The indoor pool will reopen on Tuesday, October 14 at the normal time if levels have properly dropped. If you have further questions and to verify when the indoor pool will reopen, please call the Recreation Department at 788-6282 or 788-2808.

This incident has been reported to law enforcement.
